Chinese Treasure Chest is an unprecedented collection of ready-to-use games, songs, craft projects, delightfully illustrated student worksheets and teacher-directed activities to help pre-school and elementary students learn Chinese as a foreign language. It offers a wide variety of activities of different difficulty levels to facilitate differentiated instruction in mixed-ability classrooms and across grade levels.

This second edition of **Chinese Treasure Chest** Volumes 1 and 2 is a valuable resource that every Chinese teacher can use to enhance your lessons. Our new and past users will discover a treasure trove of fun, meaningful, content-related lessons through which students can learn Chinese and develop an appreciation for the Chinese culture. This two-volume teaching resource contains over 700 ready-to-use games, songs, craft projects, attractively illustrated worksheets, and teacher-directed activities designed around themes in the elementary curriculum. It is organized into 12 monthly sections to fit the school year. Each section begins with teacher notes that state the learning objectives and difficulty level of each activity, and offer suggestions on how to implement an activity to get the best results. Students learn the Chinese language

and culture through games, songs, crossword puzzles, cut-outs, picture cards, TPR activities, role-play, chants and conversations. Also included are seasonal activities to help students celebrate special events and holidays of each month (e.g., Chinese New Year, Valentine's Day, and Dragon Boat Festival).

Some of the significant improvements in the second edition of **Chinese Treasure Chest** include:

- Revised teacher notes that provide useful teaching strategies and suggestions;
- Exciting new activities, worksheets, songs and rhymes to complement the most popular ones from our original series, such as adding a new song and a rhyme for the 12 zodiac animals, activities on making food bowls and plates, and including a times table for advanced learners;
- Updated content to reflect current culture, such as replacing the flip phone activity with a smartphone, replacing Yao Ming with Jeremy Lin, adding Youyou Tu and updating Elaine Chao to the lesson about famous Chinese women;
- Additional Chinese New Year worksheets, projects and songs that your students will love;
- New project samples of recent student work.

- Cross references to contents in our upcoming Volumes 3 and 4 that will provide teachers with an abundance of additional materials about related themes;
- Free online resources that teachers can download for use in the classroom. These include 12 color posters of the themes from the calendar pages, the map of China, and classroom commands, as well as audio recordings of songs, vocabulary, reading passages, and dialogues. Visit resource.cengageclt.com/ctc1 (Volume 1) and resource.cengageclt.com/ctc2 (Volume 2) to access these resources.

The second edition also introduces two adorable mascots — big brother dragon (龙哥哥) and little sister dragon (龙妹妹). The mascots appear on the cover and throughout the book. Color copies of the mascots are available on Cengage Learning websites (see above) for teachers to copy and use as puppets in the classroom.

China's rapid economic rise has made it increasingly important for professionals, managers, executives and businessmen to be able to communicate in Chinese. Beyond simply communicating in Chinese, there is a need for them to have a grasp of business Chinese terms in order to function effectively in the workplace.

Business Chinese Today is a three-level, six-title series developed to meet the learning needs of both working adults and mature students who are seeking to develop their fluency in business Chinese. This series is authored by Dr Koh Hock Kiat, director of the Confucius Institute at Nanyang Technological University, Singapore; and Dr Peng Zhihong, assistant director at the same institute. Both Dr Koh and Dr Hong have extensive experience in offering business Chinese courses and are very aware of the learning needs of this group of students. **Business Chinese Today** aims to equip learners with the essential skills (listening, speaking, reading and writing) for effective communication in Chinese business settings.

随着中国国力的飞速提升以及对华商务活动的快速发展，职场人士在商务活动、日常活动、社会交往中应用汉语进行交流的能力越来越重要。继2006年中国国家汉办推出商务汉语考试(BCT)之后，商务汉语课程成为很多国家非常热门的语言培训课程。为此，南洋理工大学孔子学院精心编写了一套《今日商务》教材，主要适用对象为公务员、公司职员、学生等。

这套教材分初级、中级、高级三个级别，每个级别包括“听说”和“读写”单册。学员可根据不同学习目的，灵活选择“听说”或“读写”培训。教材商务话题丰富全面，满足商务表达和BCT考试需要。课文提供真实商务语料，介绍常用商务词汇，并附有词句、听力、阅读、口语等多种练习，全面训练理解和表达技能。

本书也在适当处解释汉语语法与英语的不同。在正文之外，提供“小贴士”阐释学习汉语的误区。本书还附有语法术语表，帮助学生更好地掌握语法知识。

Ruilan Yuan,
Oxley College, Victoria, Australia

I especially like the way the book categorizes the grammar points... Students will know what grammar points they should master before they advance to the next level.

我特别喜欢此书归纳语法点的方式。学生能知道他们掌握了哪些语法点，之后再渐进到另一级。

Hsiu-jen Elsie Chang,

The grammatical points in this book are presented in a much simpler way that students in secondary schools and universities could understand and learn...

Chinese Picture Dictionary for Children (2nd Edition) + iPad App

Available in Simplified Chinese

中文图解词典-少儿版(第二版) + iPad应用程序

Picture Dictionary iPad App

"This has been great for our family to learn important words in Mandarin as well as our Mandarin-speaking newly adopted son to pick up English. Our son gets really engaged in exploring the names for everything. So far one of the best resources we have used so far. Much more fun than a basic translator and there is no question on the pronunciation with the audio and the picture in front of us. Definitely worth it!"

The **Chinese Picture Dictionary for Children** is a powerful vocabulary builder for non-native learners aged 5-14. It presents words in context through colorful and realistic illustrations and photographs. Essential vocabulary is presented through 62 themes, making language learning more meaningful and effective. Through these pages, we want to stimulate children's learning interest, and provide a platform for more fun and engaging learning.

Each theme presents 15 to 20 words in a double-page spread. The words are carefully selected, high-frequency words which can be most commonly used in everyday life. A total of about 1,100 words are presented, each annotated with pinyin.

To add to the excitement of learning, we have placed a little monkey in each double-page spread. Children will enjoy finding the monkey each time they turn the page!

《中文图解词典-少儿版》是一本图文并茂、形象生动的词典，适合5-14岁的汉语学习者。

全书按主题编写，共介绍了62个主题，各类词语与主题紧密相关。每个主题包括15-20个常见的词语，全书共收纳了1,100多个词语。这样的编写方式使学生可以轻松地记忆词汇，也可使他们在相关的语境中更好地使用词汇。页面上每个词语为简体中文，并附注了拼音。

本书使用了上百张精美的图画和照片来呈现主题词汇，使学习者有赏心悦目、身临其境之感。与传统的以文字为主的词典比起来，图解词典在引发学习兴趣、增进理解、加深记忆、提高效率等方面有着不可替代的优势。

书中还有一个巧妙的设计—每个主题画面中，都有一只小猴子藏在某处，等待学习者把它找出来。这是一个很有童趣的热身活动，能唤起学生的好奇心、调动学习兴趣，并进而让他们把注意力集中到词典上。
